

**REMARKS**

Claims 1-24, 28 and 29 are pending. Claims 20 and 29 are amended.

In the Office Action mailed May 17, there is no comment concerning the replacement drawing sheets filed with the Amendment on February 22, 2005. It is respectfully requested that Applicant be notified whether the replacement sheets are acceptable.

In paragraph 2, on page 2 of the Office Action, claims 20 and 29 were rejected under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. Specific language in claims 20 and 29 was identified as forming the basis for the rejection.

Claims 20 and 29 are amended herein. The amendments are to make clear that it is the framework that is being claimed, that framework is for a removable reinforced window system. The frame provides the capability of having a window pane fixedly attached or attachable. The window pane itself is not part of the claimed subject matter, rather it clarifies the subject matter by providing the environment in which the claimed subject matter is employed.

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance of claims 1-24, 28 and 29 are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
